Volunteers Are Deserving

A splendid tribute was paid to the volunteer fire department by one of the speakers at the recent mass meeting. The speaker declared that the volunteers were to be commended for their splendid work at the two late disastrous fires and it was pointed out that only the work of the volunteers in aiding the paid department, saved the town from complete destruction on both occasions.

The volunteer department was organized during the extreme early days of this camp. For years they fought the fires and later, when the paid department was organized, the volunteers continued along their old lines and gave excellent support wherever needed. Several years ago, through the efforts of the more energetic members, a gymnasium was constructed.

The gymnasium continues in evidence and boasts of a large membership. The dues are only sufficient to meet current expenses. The county allows the sum of \$50 monthly for the upkeep of the institution, but lately it has been found that many needed repairs have not received attention owing to the lack of funds. In view of the fact that the volunteer organization has served nobly in the past, and should always be encouraged, it has been suggested that the commissioners allow \$100 monthly for the support of the gymnasium. The idea is an excellent one and it is believed the commissioners will make the additional appropriation if requested to do so. Many business men have declared themselves as favoring the plan, for it is pointed out that without the volunteer organization the city would be absolutely without fire protection, for the small force on the paid department is far from sufficient to cope with any situation where more than one line of hose is used.

The business men who are considered the most progressive, who are wide awake to their every opportunity, and who have the interest of the community at heart, can be found in the list of Bonanza advertisers. It is the business man who advertises and assists in the upbuilding of his home paper that is deserving of the patronage of the people of Tonopah.

Roosevelt does not appear to be cutting such a wide swath as was witnessed during the campaign prior to the conventions. It may be possible that the people have tired of his blustering orations and prefer to listen to arguments based upon reason.

The New York police scandal and the Archbold-Roosevelt "liar" controversy are merely further demonstrations of the old axiom calling attention to the fact that when thieves fall out honest men will receive their dues.

The half hearted manner with which Woodrow Wilson is prefacing his campaign makes it appear that the democratic candidate for presidential honors is sorry he took the job away from Champ Clark.

Debs declares Roosevelt to be the most dangerous man in America. Debs should know, for Roosevelt has stolen nearly every plank from the socialists' platform.

"Nevada stocks close strong" is a familiar headline in eastern financial papers and can be noticed practically every day at the close of the various exchanges.

It is an ill wind that blows nobody good and now Tonopah engineers are endeavoring to discover where the fruits of the wind storms of this city are located.

AMUSEMENTS

Butler Theatre

Tonight "The Coming of Columbus" will be exhibited at the Butler theatre. This big production is by far the most gorgeous and realistic moving picture ever made in America, depicting the trials and tribulations and glorious success of Christopher Columbus. This picture was made in 1911 and has been exhibited to the royalty of Europe as well as the pope and other notable persons, who are unanimous in their praise of the production. Its presentation marks a new era in moving pictures, perfect photography, splendid acting, correct costumes, accurate details, and combining the educational features with a pleasing dramatic story.

The replicas of the famous ships, Santa Maria, Nina and Pinta, which carried Columbus and his crew to the new world, were built by the city of Chicago for use during the world's fair of 1893, and are used in this production, after being put in perfect order. This is beyond a doubt the greatest three-reel special feature ever shown in this theater and must be seen by everyone.

Pathe's Weekly will be shown also. This weekly is very interesting.

Next Wednesday a Kalem special release of two reels, "The Tragedy of the Desert."

Five reels will be shown tonight including a military drama, "His Father's Bugle."
